	<input type="checkbox"/> Yes <input type="checkbox"/> No	
	<input type="checkbox"/> Yes <input type="checkbox"/> No	

**Each kit will automatically include a portable video magnifier (if one wasn't ordered) in the event additional magnifications and/or contrast modes are needed, thereby increasing the opportunity for the patient to have a successful outcome with a low vision device. Please note in the "Special Instructions" section above if you do not want a video magnifier included (if one wasn't ordered).*

***Bracketing involves offering a similar device one unit of measure stronger and lower than that ordered to allow for any variances in the needs required for the object(s) being viewed. For absorptive filters, different frame sizes or tints will be used.*

Once form is completed, save and submit to customerservice@eschenbach.com
